<b>Research Progress During this Reporting Period</b> <p>I have continued my work on integrating forest growth models in Ontario with the ALS data.</p> <p>I started working on a review paper on integrating growth and yield models with point cloud data.</p> <p>I have analyzed how stand mortality affects growth estimates derived from multi-temporal point cloud data. Results of this study are now published in Remote Sensing:</p> <p>Tompalski, P., Rakofsky, J., Coops, N.C., White, J.C., Graham, A.N. V, Rosychuk, K., 2019.
